LATIN-SCIENTIFIC PREPARATORY COURSE.

This course is the same as that pursued by the members of the Junior and Middle Classes of the Preparatory Department of the Classical Course, with the exception of Greek and with the addition of a year of Mathematics (Algebra).

ENGLISH DEPARTMENT.

This Department is designed to occupy an intermediate place between the ordinary High School or Academy and the Scientific Department of Colleges, and to impart a thorough knowledge of the common and higher branches of an English education, and thus to fit young men for any position in practical life.

Applicants for admission are required to pass a satisfactory examination in Reading, Writing, Spelling, and the fundamental principles of Arithmetic, Grammar and Geography.

Students who complete the Course of Study honorably receive a certificate of graduation.

Students who do not wish to take a full course may enter any of the classes which they are qualified to join. In this Department the method of instruction will be with a special view to training and qualifying teachers for the Common Free Schools.

HISTORY and ADMINISTRATION OF THE COLLEGE.

HISTORY.

Maryville College was founded in 1819. It was born of the moral and spiritual needs of the earliest settlers of East Tennessee, chiefly Scotch-Irish Presbyterians, and was designed to educate men for the ministry native to the soil. The grand motive of the founder may be best stated in his own words: "LET THE DIRECTORS AND MANAGERS OF THIS SACRED INSTITUTION PROPOSE THE GLORY OF GOD AND THE ADVANCEMENT OF THAT KINGDOM PURCHASED BY THE BLOOD OF HIS ONLY BEGOTTEN SON, AS THEIR SOLE OBJECT." Inspired by such a motive, he gathered a class of five in the fall of 1819, and in prayer and faith began and prosecuted the work of his life. In forty-two years the institution put one hundred and fifty men into the ministry. Its endowment, gathered by littles through all these years, was only \$16,000.

Then came the Civil War, and suspended the work of the institution for five years, and the College came out of the general wreck with little left save its good name and precious history.

After the war, the Synod of Tennessee, moved by a spirit of self-preservation and by a desire to promote Christian education in the Central South, resolved to revive Maryville College. It was re-opened in 1866. New grounds and new buildings were an imperative necessity. To meet this need, \$65,000 were secured, and the College was saved from extinction. Two years ago a few generous friends contributed an endowment fund of one hundred thousand dollars. This has enabled the institution to enlarge its work and to enter upon a new era of usefulness and influence.

The necessary expenses are so low as to give it a special adaptation to the middle class and to the struggling poor—the great mass of the surrounding population.

Young ladies, qualified to join any of the classes in the College, avail themselves of its advantages.

The privileges of the institution are open alike to all denominations of Christians.

LOCATION.

Maryville is a pleasant town of about 2000 inhabitants. There is no saloon within its limits. It is the present terminus of the Knoxville & Augusta Railroad, and is 16 miles distant from Knoxville. Knoxville is approached from the South and West via Chattanooga or Dalton; from the North and North-west, via Junction City (Danville) and Jellico; from the South-east, via Asheville; from the North-east and East, via Lynchburg and Bristol.

GROUNDS AND BUILDINGS.

The College grounds consist of two hundred and fifty acres, and for beautiful scenery are not surpassed by any in the country. They are elevated and undulating, covered with a beautiful growth of evergreens and with a noble forest, and command a splendid view of the Cumberland Mountains on the north, and of the Smoky Mountains on the south.

The location is as remarkable for its healthfulness as it is for its beauty.

On these grounds have been erected three buildings, at a cost of fifty thousand dollars.

The central building is adapted to college purposes and is used exclusively for them. In honor of the founder of the institution it is called **ANDERSON HALL**. **BALDWIN HALL**, named in honor of the late John C. Baldwin, of New Jersey, is occupied by the young ladies. In this hall ample and pleasant accommodations for board are provided for all the members of the institution who choose to board there. **MEMORIAL HALL** is occupied by the young men. In the basement of Baldwin Hall

are six, and in that of Memorial Hall are ten kitchens, for the benefit of students who may prefer to board themselves.

These halls are large and convenient, well lighted and ventilated—in every way attractive—and will accommodate one hundred and thirty students.

The rooms in Baldwin Hall are furnished with stoves, bedsteads, wash-stands and tables. The rooms and kitchens in Memorial Hall were once furnished by the College, but hereafter the young men must furnish any article that may be missing. Students must provide their own bedding.

ADMISSION TO THE COLLEGE.

Candidates for admission to the Freshman Class that have taken their preparatory course elsewhere, will be examined in the studies pursued by the Senior Class of the Preparatory Department of this College, or in their equivalents.

Candidates for admission to the Sophomore, Junior and Senior classes are examined in the studies that have been pursued by the class which they wish to enter, or in others equivalent.

Those bringing certificates of dismissal from another college may, upon proof of their qualifications satisfactory to the Faculty, be admitted to a corresponding standing in this College.

Those students who are absent from their class for a part of the year must sustain a satisfactory examination in the studies pursued by the class during their absence before they can re-enter it.

Students who desire to pursue only a part of the studies of any course pursued in this catalogue may be allowed to do so in connection with the regular classes by special permission of the Faculty.

Candidates for admission and students who in any examination receive conditions, will be required to cancel them within the time designated by the Faculty.

Every student who offers himself for admission must present a testimonial of good character from some responsible person.

COURSES OF STUDY.

The outlines of the courses of study in the three departments of the institution explain themselves. It is believed that the College Courses will continue to commend themselves as thorough, conservative and yet progressive, and as being abreast with the courses pursued in the best of our sister institutions.

LECTURES.

During the coming year a course of ten lectures upon hygiene, based upon the text-book "How We Live," will be delivered before the students by President Bartlett.

ELECTIVE STUDIES.

In addition to the French and the German languages, we can now offer as elective studies in alternate years the Spanish and the Anglo-Saxon. Next year the study of the Spanish language will be begun. Whenever a class of sufficient size can be formed, a year's instruction in Hebrew will be given.

DEGREES.

The Degree of BACHELOR OF ARTS is conferred upon all graduates of the Classical Department. The Degree of MASTER OF ARTS is conferred upon any BACHELOR OF ARTS who has been engaged in literary or scientific pursuits for no less than three years since his graduation, and who has during that period sustained a good moral character.

The Degree of BACHELOR OF LETTERS will be conferred upon those who have completed the Latin-Scientific Course of Study.

Students who do not take a regular course may, upon a satisfactory examination, be granted a certificate with regard to their proficiency in the studies they have pursued.

GRADING.

A uniform system of grading has been introduced, upon the results of which will depend the promotion of the student from one class to another.

The Faculty will meet every two weeks of the college year.

and receive reports of the work done in all the departments and of the delinquencies of individual students. A record will be made of the standing of each student, and if desired will be sent to his parent or guardian at the end of each term.

RELIGIOUS EXERCISES.

The College is pre-eminently a religious institution. All its instructors are in deepest sympathy with the doctrine that the culture of the soul is of the first importance. The history of the past has been one of gracious revivals. Besides the daily worship conducted in the Chapel, religious services are held every Tuesday evening, at which the President of the College presides. The Y. M. C. A., established and conducted by the students, exerts a most salutary influence upon the entire College.

ABSENCE FROM THE COLLEGE.

It is very important that students should be present at the commencement of each term and continue to the end of it. Parents are requested not to withdraw their sons and daughters toward the end of the year, without consulting the Faculty. Only in cases of extreme necessity should a student leave his studies just before the close of the collegiate year. Rooms in the college buildings will be reserved especially for those who intend to remain to the end of the year.

LIBRARY AND READING ROOM.

The College Library contains over 5,000 volumes. During the past year it has been thoroughly classified and re-arranged, and so is now more helpful than ever. Thanks are due those friends who have not forgotten this important department of the College. A Reading Room is supplied with newspapers, secular and religious. The students have free access to this room as well as to the Library.

CHEMICAL AND PHILOSOPHICAL APPARATUS.

A valuable apparatus has been purchased. Many of the instruments are costly and superior. Some of the most instructive and brilliant scientific experiments are performed be-

fore the whole body of students. Young people thus have an opportunity to learn what text-books cannot give them.

LITERARY SOCIETIES.

The three Literary Societies connected with the institution are of the greatest benefit to those who faithfully avail themselves of the advantages they offer. The *BAXONIAN*, established in 1875, is composed of young ladies; the *ATHENIAN*, established in 1868, and the *ALPHA SIGMA*, established in 1882, are composed of young men. All these organizations have neatly furnished rooms in Anderson Hall.

THE ALUMNI ASSOCIATION.

This Association was formed in 1871, and holds its annual meeting on Thursday morning of Commencement week, at 10 o'clock, in the College Chapel. It has members in Japan, India, Persia and Syria, as well as in all parts of the United States.

TERMS AND VACATIONS.

There are two terms in the collegiate year, the first extending from the first of September to the 23rd of December; and the second from the first of January to the last Thursday of May.

EXPENSES.

Tuition is FREE. The only charges are for rooms and incidentals. Students rooming in College buildings will pay \$7.00 per session, or \$14.00 for the year. Students renting their own rooms in town will pay \$4.00 per session, or \$10.00 for the whole year. These rates include the entire College charges for rent of rooms and incidentals. No other charges except for music.

No deduction will be made for absences at the beginning and the close of the terms.

Fuel, lights and washing,.....	\$10 00
Board in the College Boarding Hall (\$2.00 per week),.....	40 00
Board in private families, including furnished room, fuel, lights and washing, per week,.....	\$2 50 to 3 00
Music—Piano, Guitar, Organ and Singing, per quarter (twenty lessons),.....	5 00
Use of piano per session,.....	3 00

Good and convenient kitchens, furnished with cooking stoves and tables, are provided for such students as may prefer to board themselves. The College does not furnish cooking vessels with the stoves. Students whose circumstances require it, may unite in clubs of two or more and board themselves at \$1.00 per week.

The entire expenses of the students for board, tuition, room-rent, fuel, light and washing for the collegiate year, will be from \$80.00 to \$120.00.

The above estimate of expenses is made on the supposition that two students occupy one room.

College bills must be paid invariably in advance. Until this condition is complied with no one can have a room in the College buildings, or become a member of any of the classes.

ADMINISTRATIVE RULES.

Students are not allowed to keep fire-arms in their rooms.

The use of tobacco on the College grounds and in the College buildings is forbidden, and no student addicted to its use will be allowed to room upon the College premises.

All unexcused delinquencies are registered; and when the number amounts to five, or any number more than five and less than ten, notice thereof is given to the student, and to his parents or guardian. When the number of unexcused delinquencies amounts to ten, the student ceases to be a member of the College.

Students are also dismissed whenever, in the opinion of the Faculty, they are pursuing a course of conduct detrimental to themselves and to the College.

Students are not allowed to absent themselves from the College without permission from the Faculty.

Students from other institutions cannot be admitted into this College, unless honorably dismissed.

Prayers are attended in the College Chapel in the morning, with the reading of the Scriptures and with singing; and the students are required to be present. All students are required to attend public worship on the Sabbath, and to connect themselves with Bible Classes in some one of the churches in town.

EXAMINERS.

The Synod of Tennessee appointed the following committee to attend the annual examination for '85-'86: Revs. W. H. Lyle, Joseph Clements and John E. Alexander, and Messrs. Alexander Blackburn and David Caldwell.

BEQUESTS AND DEVICES.

Since each State has special statutory regulations in regard to wills, it is most important that all testamentary papers be signed, witnessed, and executed according to the laws of the State in which the testator resides. In all cases, however, the legal name of the corporation must be accurately given, as in the following form:

I give and bequeath—————to the "BOARD OF DIRECTORS OF MARYVILLE COLLEGE" at Maryville, Tennessee, and to their successors and assigns forever, for the uses and purposes of said College, according to the provisions of its charter.
